

Stack Overflow Developers Survey

Raja Darwisy
July 7th 2024

OUTLINE

- Executive Summary
- Introduction
- Methodology
- Results
 - Visualization – Charts
 - Dashboard
- Discussion
 - Findings & Implications
- Conclusion
- Appendix

EXECUTIVE SUMMARY

- Objective of data contextualization and analysis
- An explanation of the methodology
 - Data collection
 - Data interpretation
 - Data-driven graphics
- Results are presented with graphs and trends for context.
- A summary of the main conclusions and their consequences
- Final conclusions of the research that was done

INTRODUCTION

- The most extensive and biggest survey of coders worldwide is Stack Overflow's Developer Survey.
- Not every member of the development community is equally represented in the results.
- Almost 90,000 developers
- Trends that forecast the future direction of the development
- Descriptions of developers worldwide

METHODOLOGY

- Collect survey data & explore its content
 - Web Scraping
 - APIs
 - Request library
- Data Wrangling
- Exploratory data analysis
 - Analyzing data distribution
 - Handling Outliers
 - Correlations
- Data Visualizations
- Dashboards
